

Introduced by Senator GainesFebruary 22, 2013

An act to amend Section 110430 of the Health and Safety Code, relating to food safety.

LEGISLATIVE COUNSEL'S DIGEST

SB 623, as introduced, Gaines. Food safety.

Existing law requires the State Department of Public Health to adopt regulations providing for the issuance of permits to manufacturers, processors, or packers of a class of food that may be injurious to the health of any human or other animal that consumes the food by reason of contamination with micro-organisms during manufacture, packing, or storage.

This bill would make a technical, nonsubstantive change to that provision.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. Section 110430 of the Health and Safety Code
- 2 is amended to read:
- 3 110430. Whenever the department finds that a class of food
- 4 distributed in this state may, by reason of contamination with
- 5 micro-organisms during manufacture, packing, or storage, be
- 6 injurious to the health of any man or other animal that consumes
- 7 ~~it~~ *the food* and that the injurious nature cannot be adequately
- 8 determined after this food has entered commerce, the department
- 9 shall adopt regulations providing for the issuance of permits to

1 manufacturers, processors, or packers of the class of food. These
2 permits shall establish conditions governing the manufacture,
3 packing, or storage of the class of food for the period of time as
4 may be necessary to protect the public health. The regulations shall
5 prescribe a date after which no person shall introduce or deliver
6 for introduction into commerce any food manufactured, packed,
7 or stored by any manufacturer, processor, or packer, unless the
8 person holds a permit issued by the department as provided by the
9 regulations.
